KUSADASI

How would you like to stroll along docks with the idea of enjoying best at the beach, joy of Kusadasi the holiday resort where the cheerful sun of Aegean not withholding its warm side on 300 days in average? If your answer is "yes" then sinuate road sweeping through olive groves will take you to Gazibegendi Hill. On 9 February 1924 Gazi Mustafa Kemal Atatürk came to Kusadasi, he really liked this location having a panoramic view and this place was called as Gazibegendi.

The rest of the road will direct you to spectacular Kusadasi beach. There the symbol and talisman of Guvercinada is right in front of you! The thin and long jetty connecting the island to beach resembles a movie scene with its castle built on rocks.

WATCH THE SUNSET FROM THE CASTLE

This little rocky island in the shape of bean having a castle dated to 16th century is connected to mainland by a thin and narrow road. The island fortified by ramparts during Ottoman period had been used for military purposes such as defense and observation.

PORT OF KUSADASI

IMMENSE BEACHES, UNEXPLORED BAYS

Blue-flagged beaches and unexplored bays of Kusadasi are waiting for you to rest your soul and your body.

While passing through Dilek Peninsula National Park hiding unexplored beaches and bay, inhaling the smell of nature together with glitters of blue water, hearing the unique symphony of forest is a beauty that you can only experience in Aydın.

Port of Kusadasi is the biggest of Turkey in terms of cruiser boat number and voyagers.

Kusadasi located at a distance that can be measured by minutes to many historical and sacred places such as Ephesus, Temple of Artemisia, Virgin Mary's House, Basilica of St. John's, Priene, Miletos, Didim and Claros is one of the most cruiser tourism spot of Mediterranean.
